FOR EXTERIOR USE

The 'House & Garden' colours are manufactured in the following finishes:—

INTERLUX Contemporary Enamel

A first quality enamel for exterior and interior use. All colours available in $\frac{1}{2}$ gln., quart, pint and $\frac{1}{2}$ pint tins.

UNDERCOAT for Interlux Contemporary Enamel

An undercoat designed specially for use with Interlux Contemporary Enamel. Available in $\frac{1}{2}$ gln., quart, pint and $\frac{1}{2}$ pint tins.

INTERLIGHT Emulsion Paint

An interior quality satin finish emulsion paint, suitable for painting most wall surfaces, building board, etc. Touch dry in an hour, very hard wearing and washable. Available in $\frac{1}{2}$ gln., quart and pint tins.

For further details concerning these finishes, please ask for separate leaflet on the 'House & Garden' colours

Whilst every care is taken to match these shades exactly, the manufacturers cannot be responsible for any slight variations.
